describing Mass Transit Railway ('MTR')
West Island Line**

General Nature and Effects of the Railway

The Secretary for Transport and Housing proposes to construct the MTR West Island Line, as described below and shown on General Layout Plans Nos. WIL-G01 to WIL-G09 inclusive; Land Resumption Plans Nos. WIL-L01 to WIL-L03 inclusive; Underground Strata Resumption Plans Nos. WIL-U01 to WIL-U13 inclusive; Creation of Rights of Temporary Occupation of Land Plans Nos. WIL-T01 to WIL-T06 inclusive; and Control of Building Plans and Commencement of Work Plan No. WIL-P01 (the "Plans").

2. The proposed West Island Line is an extension of the existing MTR Island Line from Sheung Wan to Kennedy Town for the provision of domestic passenger service. It provides an approximately 3 kilometres long electrified double-track railway system with three proposed railway stations at Sai Ying Pun, near the University of Hong Kong and at Kennedy Town. The proposed West Island Line includes the following works:

- (a) construction of
 - (i) the underground railway stations and railway facilities at Sai Ying Pun, near the University of Hong Kong and at Kennedy Town, and the associated station entrances and ventilation shafts;
 - (ii) an approximately 0.5 kilometre long underground bored or mined railway tunnel (westbound tunnel) connecting the overrun tunnel of the existing MTR Sheung Wan Station with the proposed railway station at Sai Ying Pun, and an approximately 0.9 kilometre long underground bored or mined railway tunnel (eastbound tunnel) connecting the existing MTR Sheung Wan Station with the proposed railway station at Sai Ying Pun;

- (iii) two buildings combining ventilation and electrical and mechanical plant rooms with railway station entrances at Bonham Road near Eastern Street and at Sai Woo Lane playground;
 - (iv) two approximately 0.6 kilometre long underground bored or mined railway tunnels connecting the proposed railway stations at Sai Ying Pun and near the University of Hong Kong;
 - (v) a ventilation and electrical and mechanical plant building at Pok Fu Lam Road adjacent to Yam Pak Building of the University of Hong Kong;
 - (vi) two approximately 0.6 kilometre long underground bored or mined railway tunnels connecting the proposed railway stations near the University of Hong Kong and at Kennedy Town;
 - (vii) a ventilation and electrical and mechanical plant building at the eastern end of the proposed railway station at Kennedy Town; and
 - (viii) an approximately 0.7 kilometre long underground bored or mined overrun / refuge tunnel from the western end of the proposed railway station at Kennedy Town to Mount Davis with an associated ventilation shaft at the ex-Police Quarters Kennedy Town.
- (b) rail track formation works, earthworks, civil and structural works, electrical works and mechanical works;
 - (c) construction of other associated railway facilities including trackwork, train control and communication facilities, ventilation shafts and electrical and mechanical plants;
 - (d) construction of a public transport interchange at the proposed railway station at Kennedy Town;
 - (e) construction of a pedestrian link at Sands Street;
 - (f) construction of a footbridge across Pok Fu Lam Road connecting the proposed campus expansion of the University of Hong Kong to an entrance of the proposed railway station near the University of Hong Kong;
 - (g) construction of a lift and a stair linking Bonham Street and High Street opposite to the ex-Crime Wing Hong Kong Island Regional Headquarters;
 - (h) construction of a temporary underground magazine in between Mount Davis Path and Victoria Road;

- (i) associated reconstruction, modification and realignment of existing roads including carriageways, footpaths, footbridges, parks and open spaces;
- (j) preventive or remedial works including underpinning the foundations of existing buildings and ground treatment; and
- (k) ancillary works including associated drainage works, slope works, landscaping works and other road works, and reprovisioning of existing services and facilities.

Roads to be Closed or Substantially Altered

5. For the purposes of or incidental to the scheme, the Secretary for Transport and Housing proposes that powers under section 22 of the Ordinance may be exercised to authorize the closure or substantial alteration of the roads or part thereof either permanently or temporarily as shown on General Layout Plans Nos. WIL-G01 to WIL-G09 inclusive and to declare that, or the extent to which, and the time at, or duration for which, any public or private right in, upon, under or over the roads is extinguished, modified or restricted. Further notice, setting out the manner in which the roads are to be closed or substantially altered, will be issued under section 23 of the Ordinance as and when required.

Inspection and Preventive and Remedial Work on Land and Buildings

6. For the purposes of or incidental to the scheme, the Secretary for Transport and Housing proposes that powers under section 24 of the Ordinance may be exercised to enter any land or building situated wholly or partly within the boundaries of the scheme, or wholly or partly within 70 metres of the boundaries of the scheme to:

- (a) (i) inspect, value, investigate the site or test, including drilling, excavating and installing or removing instruments;
- (ii) survey or take levels; and
- (iii) set out any line of works.

for the scheme, an assessment of the value of any land, building or other property or to ascertain the condition of the land or building; and

- (b) carry out all reasonably necessary operations of a preventive or remedial nature.

Further notice, setting out the purpose of the entry and the nature of any operations to be carried out, will be issued under section 24 of the Ordinance as and when required.

Utility Services

7. For the purposes of the scheme, the Secretary for Transport and Housing proposes that powers under section 25 of the Ordinance may be exercised to require the owner of any gas, electricity, water or telecommunications service apparatus situated on any unleased Government land to alter the course or position of any wire, line, cable, pipe, tube, casing, duct, post or other apparatus which belongs to or is maintained by that owner and to repair any road surface disturbed by the action. Further notice, setting out the nature of the apparatus, the manner in which the course or position of such apparatus is to be altered and the repair of any road surface, will be issued under section 25 of the Ordinance as and when required.

Removal of Objects or Structures Attached to or Projecting from Land or Building

8. For the purposes of or incidental to the scheme, the Secretary for Transport and Housing proposes that powers under section 26 of the Ordinance may be exercised to require the owner of any land or building to remove any object or structure which is attached to or projects from the land or building. Further notice, setting out the object or structure to be removed and the period within which the work of removal is to be carried out will be issued under section 26 of the Ordinance as and when required.

Control of Building Plans and Commencement of Work Incompatible with the Scheme or the Operation or Maintenance of the Railway

9. For the purposes of exercise of the powers of the Building Authority under section 27 of the Ordinance, the Control of Building Plans and Commencement of Work Plan No. WIL-P01 shows and describes the land on which control of building plans or commencement of building works including building works outside the boundaries of the scheme which are incompatible with the scheme or the operation or maintenance of the railway may be required.
